

LÊ TRẦN THU LIỄU

FONT-END DEVOLOPMENT

INFORMATION

As a three-year student majoring in Software Technology at Dong A University, I am eager to join Company Nccsoft internship program to apply my academic knowledge in a practical setting, learn new skills from a professional team, and contribute to advanced software development projects. I believe that the working environment at Company Nccsoft will help me grow both technically and creatively, laying a strong foundation for my future career.
